

With the change in administration and a likely change in your agency's leadership,
what will happen now?

Heard talk of a hiring freeze? More proposals to freeze your pay, increase your retirement contributions or downgrade your health insurance and pension?

NTEU blocked similar proposals in the last session and we stand ready to fight for you again. But we need you to join us.

You need a strong union that will fight for you now more than ever before.

**Stand with the union that stands with you.
Join NTEU.**
